The Reality
A report of child abuse is made every 10 seconds
5 children die every day from abuse and neglect
33% of reported child abuse cases involve children under age 5

How We Prevent Child Abuse

Strengthen Families & Communities

Prevention Programs & Services
- Focus on Families with children birth to five years and serving children up to 18 years of age
  Child development, parent education, home visitation, infant health, parents and children's support groups
- Family Resource Centers
  Family friendly, community-based collaboratives with the capacity to provide on-site access to comprehensive prevention and treatment services
- Family Support
  Address the specific needs of refugee children, immigrant families, parents, relative caregivers, childcare, youth after school and linkage to local community resources

Behavioral Health Services
Our Behavioral Health goal is to assist children and their families to better improve their mental health by focusing on improving family relations, assisting children to be successful in their school community, and helping children feel positive about themselves.
- Individual and Family Therapy, Parent Education
  via Outpatient Services, Wraparound and Day Treatment Program
- FSP (Full-Service Partnership)
- IFCCS (Intensive Field Capable Clinical Services)
- MAT (Multidisciplinary Assessment Team)
- TBS (Therapeutic Behavioral Services)

Family Foster Care & Adoption
Works to strengthen children and youth who are part of the foster care system while providing support and resources to families who want to adopt through the foster care system. Our team works in partnership with caregivers, resource parents, relatives, and support systems to ensure children move toward permanency.
